

# Setup guide for Online Theoretical Lessons for Participants

Safe Driving Course

# Preparation before the Safe Driving Course on Zoom

## **Do I need to install the *Zoom App*?**

- We recommend participants to install the Zoom app for the best and easiest Zoom connections. However, it is still possible to participate in a Zoom meeting using a web browser like Safari or Chrome. We recommend installing the app if participants are using it regularly.

## **Do I need a Zoom account?**

- No. If participants are attending a Zoom meeting set up by another person or an Organization. No registration is required with Zoom to attend a meeting.

# Useful tips for the Zoom User

*These are some tips to ensure you have the best experience.*

---

- **Obtain a high-quality web camera if you are using a desktop.** For laptops, if your computer is less 3 years old, the built-in camera (if it has one) should be adequate.
- **Obtain a computer headset.** This will greatly reduce the chance for feedback and improve your voice quality for those who are communicating with you on the other side.
- Access the meeting from a place with a **stable Wi-Fi connection**. Connecting to the Internet with a physical cable connection (Ethernet cable) will also give you much greater speed, service and stability.
- A laptop or desktop is preferred over a Smartphone or tablet! There are functional limitations with Smartphones or Tablets that will come in the way of your learning experience.
- **Find a quiet place.** Wind and background noise makes your device's microphone receive poor distorted sound quality and your voice may sound muffled.
- Don't run multiple programs while using Zoom. **Close all unnecessary applications & turn off all devices that is using Wi-Fi** during your lesson to channel all processing power to maximize the quality of your Zoom session.
- **Pay attention to your background.** Too much light behind you and you appear to be only a dark figure. Also, don't have anything behind you that may be distracting to those who are on the other side.

# Safe Driving Course Contents

## **Topic 1** - Accident facts and Figures

- Traffic accidents
- Accident statistics
- Causes of accidents
- Black Spots

## **Topic 2** - Driver Improvement points system (DIPS)

- Participants are strongly advised **not to share** their password and ID with anyone.
- Please **log in** and **join** the SDC Zoom Meeting **15 mins before the start of the course** for attendance-taking and ID verification.

# Your 1<sup>st</sup> Zoom Meeting

Installing the app in your Computer / Laptop

The screenshot shows the Zoom website's Download Center. At the top, there is a dark navigation bar with links for 'REQUEST A DEMO', '1.888.799.9666', 'RESOURCES', and 'SUPPORT'. Below this is a white navigation bar with the Zoom logo, 'SOLUTIONS', 'PLANS & PRICING', 'CONTACT SALES', 'JOIN A MEETING', 'HOST A MEETING', 'SIGN IN', and a prominent orange 'SIGN UP, IT'S FREE' button. The main content area has a light blue header with 'Download Center' and a dropdown for 'Download for IT Admin'. The section 'Zoom Client for Meetings' explains that the web browser client downloads automatically. A large blue 'Download' button is highlighted with a red arrow pointing to it from the text 'Click here to download' on the left. Below the main button are links for 'Download 64-bit Client' and 'Download ARM Client'. A chat bubble icon is in the bottom right corner.
